

Kindness! *A Powerful force that Saves!*

My Friends,

You and I know that every human life is a sacred gift from God! We know that each life, regardless of the circumstances of conception, the gender, or disability is made in the image and likeness of God and full of God-given awesome potential!

Every mom facing an unplanned pregnancy is tempted by our culture to give up, to imagine that her own freedom depends on her access to abortion. It's our prayers and real help that make the difference! When a future for a mom and baby together seems impossible, we are ready to offer free medical services, ongoing material help, housing, and childcare. And honestly, that is just the beginning of our help. Can you imagine how much encouraging words and praise mean to a woman who has been abandoned and afraid? Imagine how good it feels to know that there are others supporting your good choices. People who care not just about the baby, but about mommy too!

Every week, lives are saved! But, never as many as we would like. Please help us, help us to reach even more women. Help us to save even more lives. Please come out and join us for our Fundraising Banquet! We need you! We have exciting news to share as we continue to expand our services and locations.

I can't wait to see you all. Can you invite some friends and family? Please bring out any and all like-minded people! Imagine the difference we can make!

I am fearfully and wonderfully made !
